Merry Christmas

Happy New Year 2012

Once upon a time ,

1900 +

In the early days,
Santa Claus started
with a **1 hp** – transport,
with what later become better know
as a Trabi .

2000 +

Later Santa Claus
upgraded to a **six span**, with
far more possibilities.

2012 +

Santa Claus
Upgraded to more
Speed and confort

2013

?

warp speed , we explain next year

We wish all of You a really good 2012 with good health and happiness.

From our side we want to forget 2011, where we had to survive a natural disaster from heavy snow, which destroyed our main factory.

We are still very hard working and hope to come in complete normal relations in the first time , we hope , the future will be brilliant for all of us now.
